**Testing Information:** The COMPASS test is required for Michigan Jewish Institute (MJI) students who have accumulated enough credits for Junior standing (60credits). It is strongly recommended for all students who register for a course in English or Math for the first time at MJI, regardless of course load or field of study. You may take the COMPASS test at any authorized testing site. You can find a testing site near you by going to the following link:

<http://act.org/compass/>

**You must make arrangements for the testing site to forward a copy of your test scores to MJI. MJI cannot accept scores submitted directly by the student.**

**If you choose to take your COMPASS test at a MJI campus you must submit the following form. There is a fee of \$25 which includes the cost of a single administration of the total COMPASS test. The fee must accompany this Testing Request Form unless other arrangements have been made with the MJI Administrative Offices.**

For more information you should visit the MJI website or the COMPASS website at:
